

LIST OF PRESENTATION IN THE CLOSED CONGRESS (First author only)

1. **Kunihara T**, Myojin K, Yasuda K, Sakuma M, Matsui Y, Shiiya N, Ishii K, Murashita T, Sasaki S, Takahashi J, Takigami K, Yamauchi H, Kawasaki M, Watanabe T, Ohba J. Evaluation of leg oxygenation after administration of Lipo PGE1 using near-infrared spectrophotometry. The 6th annual meeting of the Hokkaido research association for clinical application of prostaglandin. Sapporo, 22.10.1994.
2. **Kunihara T**, Myojin K, Matano J, Murakami T, Yasuda K, Sakuma M, Tamura M. Evaluation of pharmacological effects of Lipo PGE1 using near-infrared spectrophotometry. The 7th annual meeting of the Hokkaido research association for micro and macro circulation. Sapporo, 21.10.1995.
3. **Kunihara T**, Myojin K, Matano J, Yasuda K, Tamura M, Murakami T, Miyazaki K, Oka J, Sakuma M, Takahashi J. Evaluation pharmacological effects of PGE1-CD using near-infrared spectrophotometry. Memorial lecture meeting at 15 years after first commercial sales. Sapporo, 27.01.1996
4. **Kunihara T**, Myojin K, Matano J, Murakami T, Miyazaki K, Oka J, Sakuma M, Yasuda K, Takahashi J, Tamura M. Evaluation of pharmacological effects of PGE1-CD using near-infrared spectrophotometry. The 2nd annual meeting of the Hokkaido research association for prostaglandin. Sapporo, 20.04.1996.
5. **Kunihara T**, Shiiya N, Sasaki S, Murashita T, Matsui Y, Sakuma M, Yasuda K, Myojin K, Fukada Y. Comparison of pharmacological effects of Lipo PGE1 and PGE1-CD using near-infrared spectrophotometry. The 8th annual meeting of the Hokkaido research association for micro and macro circulation. Sapporo, 09.11.1996
6. **Kunihara T**, Yasuda K, Sakuma M, Matsui Y, Shiiya N, Murashita T, Sasaki S. Effects of Lipo-PGE1 on spinal cord blood flow. The 9th annual meeting of the Hokkaido research association for micro and macro circulation. Sapporo, 08.11.1997.
7. **Kunihara T**, Yasuda K, Shimizu M, Imai T. Clinical significance of sarpogrelate hydrochloride in treatment of Bürger disease. The 5th meeting of the research association for serotonin. Sapporo, 26.02.2000.
8. **Kunihara T**, Yasuda K, Shimizu M, Imai T. Therapeutic strategy for Bürger disease with regard to recurrence and quality of life. Meeting of the research association for

refractory vasculitis. Tokyo, 2000.

9. **Kunihara T.** How can one know atherosclerosis? Diagnosis and treatment for two manifestation of atherosclerosis; dilatation and stenosis. Special lecture to secure the health. Sapporo, 29.10.2003.
10. **Kunihara T,** Yasuda K, Shimizu M, Ohe K, Imai T, Myojin K. Differential diagnosis of diabetic foot: a role of vascular surgeon in its treatment. The 15th annual meeting of the Hokkaido research association for micro and macro circulation. Sapporo, 04.10.2003.
11. **Kunihara T,** Oh-oka T, Koyama M, Murashita T, Yasuda K, Ikeda D, Itoh N, Tsujino I, Ando M. Experience of the use of Elaspol after pulmonary endarterectomy for chronic thromboembolic pulmonary hypertension. Meeting of research association for Elaspol, Sapporo, 04.12.2003.
12. **Kunihara T,** Yamashita T, Shimizu M, Imai T, Yasuda K. Five-year follow-up of patients with B \ddot{u} rger disease. Meeting of the research association for refractory vasculitis. Tokyo, 13.02.2004.
13. **Kunihara T,** Yamashita T, Shimizu M, Imai T, Yasuda K. What did Sarpogrelate hydrochloride bring for patients with B \ddot{u} rger disease in the last 5 years? The 9th Meeting of the Hokkaido research association for Serotonin (5-HT₂). Sapporo, 14.02.2004.
14. **Kunihara T.** Primary curative operation for an adult case with PCPVR, ASD, and Af. The 4th study meeting in Eniwa and Chitose. Chitose, 28.11.2005.
15. **Kunihara T.** Current trend in peripheral vascular disease. Circulation conference in Shiribesi. Otaru, 03.03.2006.
16. **Kunihara T.** Surgical strategy for a case with AR, MR, TR, Af, IHD, and ascending aortic aneurysm. The 5th study meeting in Eniwa and Chitose. Chitose, 13.03.2006.
17. **Kunihara T,** Sch \ddot{a} fers HJ. Current concept in replacement of the descending/thoracoabdominal aortic aneurysm. Meeting of vascular surgeons in Rheinland-Pfalz-Saarland. Homburg, 03.11.2011.
18. **Kunihara T,** Langer F, Sch \ddot{a} fers HJ. Predictors of postoperative outcome after pulmonary endarterectomy. Lung club; weekly conference of respiratory medicine, University Hospital of Saarland, Homburg, 21.11.2011.
19. **Kunihara T.** Aortic root remodeling –why and how?-. Aortic root surgery symposium. Tokyo, 27.12.2012.
20. **Kunihara T.** Aortic root remodeling –why and how?-. Gion academy. Kyoto, 08.04.2013

21. **Kunihara T.** Trend of Valvular Surgery in Germany: toward simpler, safer, and effective option. Japan night by Edwards Lifesciences Corporation. Wien, 06.10.2013.
22. **Kunihara T.** Aortic root remodeling: why and how? The 20th Japan Advanced Heart & Vascular Surgery/OPCAB meeting. Tokyo. 2013.12.7
23. **Kunihara T.** Aortic root remodeling + Annuloplasty, -practical approach-. The 1st Aortic valve academy. Osaka, 28.12.2013.
24. **Kunihara T.** Aortic root remodeling + Annuloplasty. –why and how?-. Aortic Surgery Forum. Kumamoto, 21.02.2014.
25. **Kunihara T.** Aortic root remodeling: why and how? The 2nd Cardiovascular Surgery Seminar. Nagoya, 07.03.2014.
26. **Kunihara T.** Trend of aortic valve surgery: From German experience. The Cardiovascular Institution Seminar. Tokyo, 2014.6.16.
27. **Kunihara T.** Remodeling for special cases –dissection and BAV. The 12th Cardiovascular Surgical Live Meeting in Toyohashi. Toyohashi. 2014.6.28.
28. **Kunihara T.** Trend of aortic valve surgery: From German experience. Community medicine cooperation meeting. Hamamatsu, 2014.6.28.
29. **Kunihara T.** To cardiovascular surgeons in the future: My experience in Germany. Cardiovascular surgery summer seminar 2014. Kobe. 2014.8.24
30. **Kunihara T.** Aortic root remodeling+annuloplasty –why and how?-. Dokkyo Medical University Cardiovascular Surgery meeting. Utsunomiya. 2014.10.26
31. **Kunihara T.** Our surgical policy toward ultimate CABG. The Cardiovascular Institution Seminar. Tokyo, 2014.11.26
32. **Kunihara T.** Common information. The 2nd Aortic valve academy. Tokyo. 2014.12.27
33. **Kunihara T.** Surgical treatment of valve disease. The 54th civil public medical meeting, IMSUT Hospital, The Institute of Medical Science, The University of Tokyo. Tokyo. 2015.01.29.
34. **Kunihara T.** From Germany to the Cardiovascular Institute. The 7th KP-meeting. Tokyo. 2015.2.7
35. **Kunihara T.** Frontier of the aortic valve. Iwaki heart disease meeting. Iwaki. 2015.2.9
36. **Kunihara T.** Aortic root remodeling+annuloplasty –why and how?-. The Jikei University Hospital Cardiovascular Surgery meeting. Tokyo. 2015.3.16
37. **Kunihara T.** Frontier of cardiac valve surgery. Scientific meeting of Musashino Medical Association. Tokyo. 2015.4.22

38. **Kunihara T.** Frontier of aortic valve surgery. The 13rd KCH-CVS cardiac disease meeting. Kurashiki. 2015.6.6.
39. **Kunihara T.** Frontier of aortic valve surgery. The 59th Kyoto Cardiovascular Meeting. Kyoto. 2015.6.20
40. **Kunihara T.** Aortic valve repair: How to do it. Challenging repair course in Shiodome. Tokyo. 2015.6.28
41. **Kunihara T.** What should we learn and do in our thirties as cardiac surgeon? Meeting the expert, The 20th Japan Advanced Heart & Vascular Surgery/OPCAB meeting. Kyoto. 2015.7.11
42. **Kunihara T.** Frontier of cardiovascular surgery: from German experience. Scientific meeting of Setagaya Medical Association. Tokyo. 2015.7.22
43. **Kunihara T.** To cardiovascular surgeons in the future: My experience in Germany. Cardiovascular surgery summer seminar 2015. Shizuoka. 2015.8.23
44. **Kunihara T.** How do you repair BAV? Edwards Asian valve seminar in Singapore. Singapore. 2015.9.5
45. **Kunihara T.** Cardiovascular surgery up-to-date. The Cardiovascular Institution Seminar. Tokyo. 2015.11.9
46. **Kunihara T.** Frontier of aortic valve surgery –from German experience-. The 4th Tsukuba heart valve disease meeting. Tsukuba. 2015.11.26
47. **Kunihara T.** Why remodeling? External suture annuloplasty. Remodeling+annuloplasty special wetlab. Tokyo. 2015.11.28
48. **Kunihara T.** My German experience -What should you do before going abroad? The 3rd Scientific meeting of Hokkaido University Cardiovascular Surgery and Respiratory disease. Sapporo. 2015.12.20
49. **Kunihara T, Sasaki K.** An interim report of registry of valve-preserving root replacement. The 3rd Aortic valve academy. Osaka. 2015.12.26
50. **Kunihara T.** Frontier of aortic valve surgery. Minami-Kyushu Cardiovascular Forum. Kagoshima. 2016.1.29
51. **Kunihara T.** Frontier of aortic valve surgery. The 1st MPS meeting. Tokyo. 2016.2.13
52. **Kunihara T.** Simple questions in the field of cardiovascular surgery. The 16th Primitive Care Seminar. Sapporo. 2016.3.4
53. **Kunihara T.** Simple questions in the field of cardiovascular surgery: Can aortic valve be repaired? Scientific meeting of Aoba Medical Association. Yokohama. 2016.4.22

54. **Kunihara T.** Simple questions in the field of cardiovascular surgery: Can aortic valve be repaired? Scientific meeting of Meguro Medical Association. Tokyo. 2016.5.19
55. **Kunihara T.** Frontier of aortic valve surgery. Kanagawa Valve Forum. Yokohama. 2016.5.20
56. **Kunihara T.** Frontier of aortic valve surgery. The 19th Hokkaido Cardiac Surgery Forum. Sapporo. 2016.5.21
57. **Kunihara T.** Remodeling with straight graft, external suture annuloplasty. The 2nd Remodeling+annuloplasty wetlab. Tokyo. 2016.5.28
58. **Kunihara T.** Simple questions in the recent cardiovascular surgery: Can aortic valve be repaired? Scientific meeting of Tokyo Teishin Hospital. Tokyo. 2016.6.16
59. **Kunihara T.** Frontier of aortic valve surgery. The 9th Scientific meeting of Cardiovascular Surgery in Tochigi prefecture. Utsunomiya. 2016.6.17
60. **Kunihara T.** Frontier of aortic valve surgery. The 4th Social Meeting of Hokkaido University Cardiovascular Surgery and Respiratory Surgery (The 64th Hokkaido University cardiac disease workshop). Sapporo. 2016.6.19
61. **Kunihara T.** From Germany to Tokyo -Frontier of cardiovascular surgery-. The 3rd Asahikawa Cardiovascular Surgery Seminar. Asahikawa. 2016.6.25
62. **Kunihara T.** Remodeling+Annuloplasty: How to do it. Kita-Kantoh Valsalva Training Program. Hatano. 2016.7.24
63. **Kunihara T.** Frontier of aortic valve surgery. The 14th Okinawa operative technique workshop. Okinawa. 2016.8.6
64. **Kunihara T.** To cardiovascular surgeons in the future: My experience in Germany. Cardiovascular surgery summer seminar 2016. Shizuoka. 2016.8.20
65. **Kunihara T.** Frontier of aortic valve surgery. Fukuoka heart valve disease conference. Hakata. 2016.9.1
66. **Kunihara T.** Sasaki K, Seki M. Decision of optimal length of papillary muscle relocation for ischemic mitral regurgitation using 3D-CT (poster). The 2nd Koto-Toyosu cardiovascular conference. Tokyo. 2016.9.3
67. **Kunihara T.** Possibility of aortic valve repair. Fujisawa clinical surgery scientific meeting. Fujisawa. 2016.9.14
68. **Kunihara T.** Remodeling and annuloplasty (wetlab). Edwards valve seminar advanced 2016. Tokyo. 2016.9.17
69. **Kunihara T.** Resect or respect of PML? The 3rd Hokkaido heart valve disease

- conference. Sapporo. 2016.10.22
70. **Kunihara T.** Aortic root remodeling+annuloplasty. The 3rd Remodeling+ annuloplasty wetlab. Osaka. 2016.11.5
71. **Kunihara T.** Is it dangerous? Real world of the aortic aneurysm and dissection. CVI seminar. Tokyo. 2016.11.15
72. **Kunihara T.** The role of echocardiography in aortic valve repair. The 60th meeting of Tokyo society of echocardiography. Tokyo. 2016.11.19
73. **Kunihara T.** Possibility of aortic valve repair. The 58th meeting of Hiroshima cardiovascular disease research group. Hiroshima. 2016.12.10
74. **Kunihara T.** Modified tricuspidization for BAV. The 4th aortic valve academy. Tokyo. 2016.1.24

(Updated at 5th January, 2017)
